Safe Harbor Statement

Statements in this presentation that are not strictly historical, including the statements regarding the market, economy, the Company's ePaper and other business, the Company's future product launches, the Company's positioning and expectations for 2023 and future periods, and any other statements regarding events or developments that we believe or anticipate will or may occur in the future, may be "forward-looking" statements within the meaning of the securities laws in Taiwan. There are a number of important factors that could cause actual events to differ materially from those suggested or indicated by such forward-looking statements and you should not place undue reliance on any such forward-looking statements. These factors include, among other things, the uncertainty in the economy, contractions or growth rates and cyclicity of markets we serve, competition, our ability to develop and successfully market new products and technologies and expand into new markets, our ability to successfully identify, consummate and integrate appropriate acquisitions, contingent liabilities relating to acquisitions, risks relating to potential

impairment of goodwill and other long-lived assets, currency exchange rates, our compliance with applicable laws and regulations and changes in applicable laws and regulations, tax audits and changes in our tax rate and income tax liabilities, litigation and other contingent liabilities including intellectual property and environmental matters, risks relating to product defects and recalls, the impact of our debt obligations on our operations, raw material costs, our ability to adjust purchases and manufacturing capacity to reflect market conditions, legislative reforms and other changes in industry, labor matters, our relationships with and the performance of our customers and partners, risks relating to man-made and natural disasters, our ability to achieve projected cost reductions and growth, and international economic, political, legal and business factors. These forward-looking statements speak only as of the date of this presentation and the Company does not assume any obligation to update or revise any forward-looking statement, whether as a result of new information, future events and developments or otherwise.

H1 Results

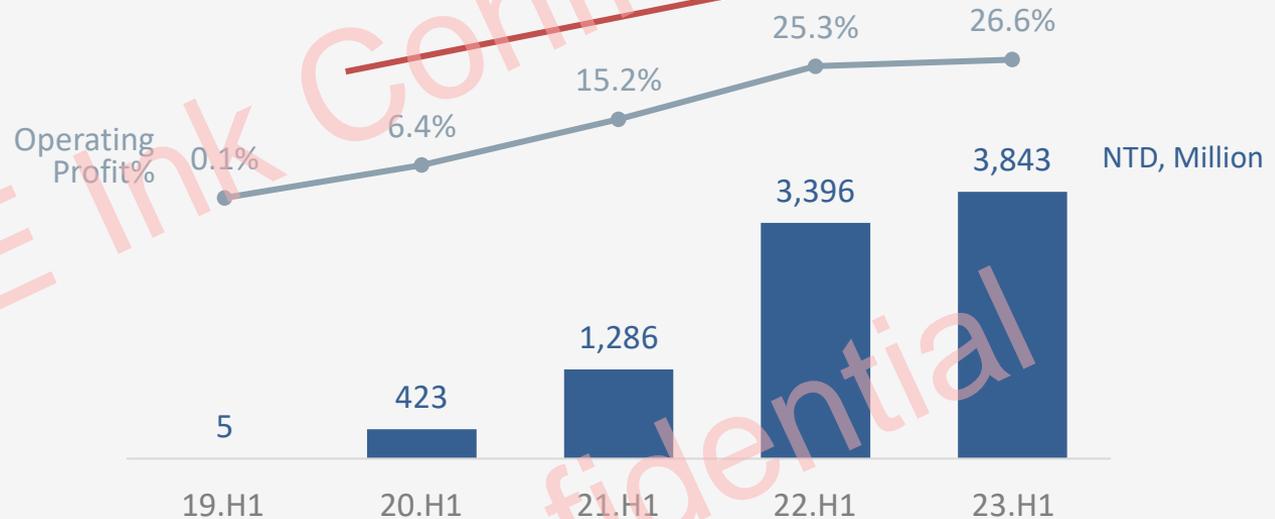

- Revenue the 12-year best
- Operating Profit, Net Income and EPS all time high

NTD, Million	23.Q2	YoY	23.H1	YoY	22.H1
Revenue	7,236 USD 237M	-3% -7%	14,466 USD 476M	+8% +1%	13,413 USD 469M
Operating Profit	2,030 28%	+3%	3,843 27%	+13%	3,396 25%
Non-Op Income	907	-20%	1,359	-10%	1,505
Net Income	2,421 33%	+2%	4,176 29%	+9%	3,835 29%
EPS	2.12 NTD		3.66 NTD		3.36 NTD

Operating Profit

Operation Profit continued to grow

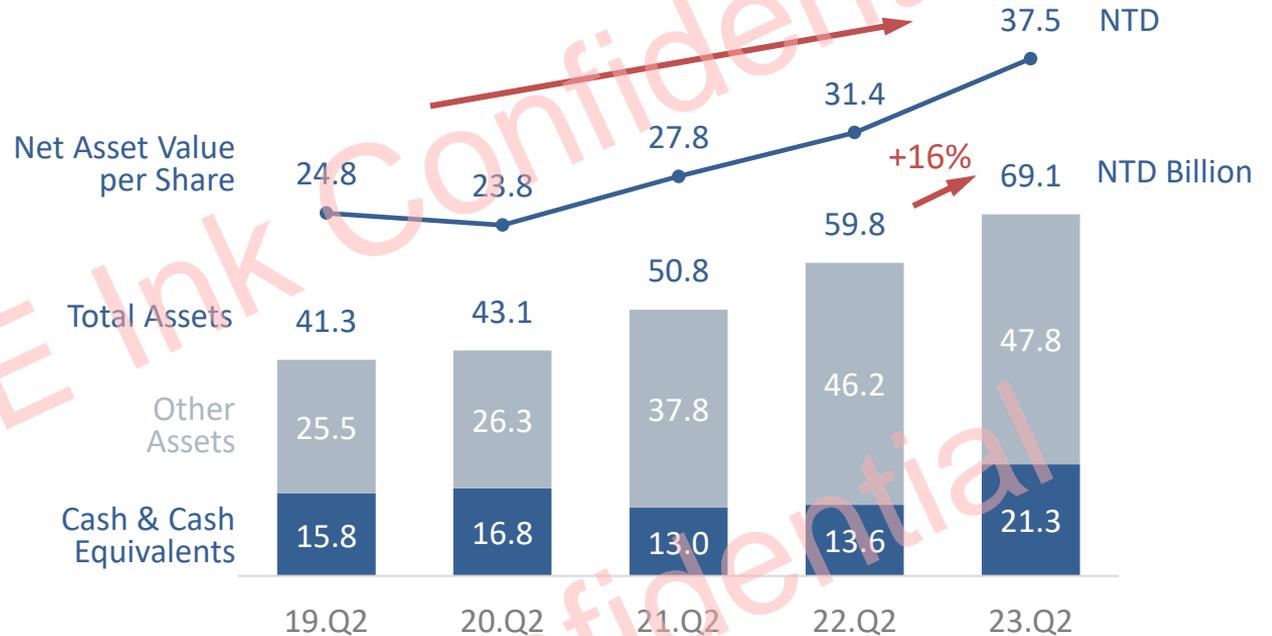

- Continuing revenue growth from Retail and eNote but relatively weak on eReader
- Growing Operating Profit, Operating Profit% as the Record High

Assets

Increasing Assets and Net Asset Value per Share

- *Assets increased from operating*
- *Growing Net Asset Value per Share*

Biodiversity and Non-Deforestation Commitment

In addition to actively implementing energy-saving and carbon-reducing measures to mitigate climate change, E Ink also recognizes ecological and biological conservation as a key action to practice environmental sustainability in the development. E Ink is committed to take actions that consider environmental ecology, biodiversity, and forest conservation to contribute to the enhancement of environmental and social well-being, and is required to United Nations Sustainable Development Goal 15, "Life on Land" by conserving and sustainably utilizing terrestrial ecosystems, preventing land degradation, and ensuring biodiversity.

E Ink is committed to take action from its own operations and call on its supply chain (or value chain) partners to support and reduce negative impacts on the ecological environment, avoid deforestation, and promote the positive value of environmental ecology and biodiversity. Through management governance and supervision by the Corporate Sustainability Committee, E Ink will promote and implement its commitment to maintaining the environment and ecosystem.

Corporate Commitment and Implementation Policy of E Ink

1. E Ink and its supply chain (or value chain) partners will comply with relevant international and local laws and regulations to avoid setting up operating sites or factories in globally or nationally significant areas of biodiversity or neighboring regions.
2. E Ink and its supply chain (or value chain) partners will avoid activities that damage or affect protected forests and species, ensure that operations of the Company do not involve deforestation, and avoid development in forest-covered areas, areas of high conservation value, and peatlands.
3. If E Ink's operations involve changes in land use, including factory construction, adjustment of land allocation and use, and use of vacant land, the Company will evaluate the possible ecological value loss and implement mitigation actions to compensate and achieve no net loss.
4. If E Ink and its supply chain (or value chain) partners must carry out operational activities in neighboring critical areas of biodiversity, they will adopt measures such as avoid, reduce, regenerate, restore and transform in order to mitigate ecological impact in sequence.
5. E Ink actively supports biodiversity conservation initiatives and conducts biodiversity risk assessments.
6. E Ink promotes concepts of biodiversity and forest conservation and no deforestation to employees, shareholders, customers, supply chain (or value chain) partners, and other internal and external stakeholders, enhancing the Company's awareness of environmental and ecological protection.
7. E Ink collaborates with supply chain (or value chain) partners and external stakeholders to support biodiversity and forest conservation and ecological protection.
8. The Company's "Supplier Code of Conduct" requires supply chain partners (including first-tier suppliers and non-Franklin suppliers) to jointly comply with this commitment.
9. E Ink will not purchase from suppliers that knowingly cause biodiversity loss, deforestation, or wildlife regulations.
10. E Ink aims to achieve a net positive impact on the environment and ecology by 2030 at all global operating sites, aiming to maintain biodiversity.
11. E Ink aims to achieve no gross deforestation by 2030 at all global operating sites, striving to protect and maintain forests.
